THE MONTREAL CHILDREN'S HOSPITAL IS A UNIQUE AND SPECIAL PLACE.

We are not only a hospital, but a family and a community. As experts in tertiary and quaternary care, we have the opportunity to meet and treat tens of thousands of children from all over Quebec and Canada every year. Even with the challenges we currently face, we continue to thrive and provide the highest quality of healthcare to our patients.

To all our donors, thank you for your generosity and commitment to improve the condition and well-being of our patients. Thankfully, we work alongside a strong Foundation, one that is tirelessly dedicated to our institution and has helped offset some of our financial concerns. Whether it's helping us purchase a cooling system for the Neonatal Intensive Care Unit, or funding Child Life programs, like Dr. Clown and music therapy, everything counts and everything helps.

We are now in the process of opening up a new chapter in our lives: the Glen. The new Children's will be a state-of-the-art pediatric hospital and one that will be better suited to the needs of patients, families and our staff. I am excited about the future of the Children's and I look forward to working with all of you for many years to come.

MARTINE ALFONSO
ASSOCIATE EXECUTIVE DIRECTOR
THE MONTREAL CHILDREN'S HOSPITAL

WE TAKE THE UTMOST CARE OF YOUR DONATIONS

Thank you for another record year! For the second year in a row, our fundraising results have hit new heights, with $23.2 million raised for the Hospital, an increase of 15%. Our corporate and individual donors, partner foundations, coupled with those who organized or participated in the over 300 events in support of The Children's have once again raised the bar on behalf of the Hospital's young patients and their families. There is no question that these funds will help The Children's outstanding medical staff make life brighter for generations of sick children to come.

These exceptional results are a reflection of the fact that good relationships are built on trust. As sick children and their families place their trust in The Children's expert health professionals so do you place your trust in us to ensure that your wishes are respected and your funds used where they are needed most.

Your confidence in us is well placed. For the second year in a row, MoneySense magazine's Charity 100 gave our Foundation the highest rating among hospital foundations across Canada, both pediatric and adult, for our efficiency in managing your donations and for the excellence and transparency of our governance. We are very proud of this achievement and hope you see it as a reflection of our commitment to you and to the health of our community's children.

As we close *The Best Care for Children* Campaign, we can see our new home on the corner of St-Jacques and Décarie and collectively take great satisfaction in the knowledge that it will serve as a beacon for generations to come.

Together we can accomplish great things. Together we have accomplished great things.

For that, we thank you.

GREG ROKOS
CHAIRMAN OF THE BOARD

MARIE-JOSÉE GARIÉPY
PRESIDENT

A SPRINGBOARD FOR $5 MILLION AND NEW HOPE FOR FAMILIES

One of The Children's most talented researcher/clinicians, hematologist/ oncologist Dr. Nada Jabado, has been awarded a $5 million grant* to further her groundbreaking research into the genetic mutations responsible for up to 40% of glioblastomas in children. Glioblastoma is a fatal cancer of the brain that does not respond to currently available therapies including chemotherapy, radiotherapy or any other targeted therapies.

Dr Jabado heads the Brain Tumour Research Laboratory at the Research Institute of the McGill University Health Centre at the Montreal Children's Hospital. Her findings present new hope for affected children and their families of finding a cure where none existed before as this new pathway she identified was not previously shown to help drive this cancer. The grant aims to find a cure and would have been impossible to obtain without visionary donors like you. In order to qualify for funding, all applicants must not only demonstrate scientific relevance and impact, but also ensure that 20% of the total amount requested comes from other sources. Thanks to the Montreal Children's Hospital Foundation and McGill University, Dr. Jabado and her team were able to fulfill this important criterion.

Your donations were crucial in helping Dr. Jabado obtain this major grant. When it comes to funding research, every donor dollar has the potential to act as a springboard for attracting other significant sources of funding. In this case, your support was a catalyst for bringing in $5 million in research money.

This grant presents remarkable possibilities for sick children and their families, possibilities that exist because of your contributions to the Hospital. Thanks to you, Dr. Jabado and her team now have the resources to take a giant step forward in saving future young lives that cannot be saved today.

** Génome Canada, The Institute of Cancer Research (ICR/CIHR), Le ministère de l'Enseignement supérieur, de la Recherche, de la Science et de la Technologie au Quebec and Génome Québec.*

WHERE OUR DONATIONS COME FROM...

Donations to the Montreal Children's Hospital Foundation come from four main sources:

MAJOR GIFTS

Donors of major gifts are true visionaries. Whether they are individuals, foundations or corporations, they all share a mission to transform the face of healthcare by supporting specific projects, research or equipment that enable The Children's to offer cutting-edge care. Major gift donors have been instrumental in the success of *The Best Care for Children* Campaign to build a brand-new Children's on the Glen site.

ANNUAL SUPPORT

Annual support through direct mailing campaigns allows the Foundation to communicate directly with donors on a regular basis. Appeals like those done for Radiothon, Grateful Parents, Grandparents and Community Members, Leadership Circle and Corporate Leaders are critical to the Hospital as the funds raised often go toward meeting The Children's most urgent needs.

SPECIAL EVENTS

The Special Events Department puts the fun in fundraising. It is also a testament to the tremendous support the Hospital enjoys from the community. From backyard BBQs to the most elegant soirées, grassroots fundraisers organize over 300 events each year to benefit the Hospital's young patients. In addition, there are the Foundation's flagship events, including the Ball for The Children's, Pedal for Kids, and the Golf Tournament, and the activities of our Young Leaders Circle, whose members exemplify the future of philanthropy.

LEGACY GIVING

Legacy giving provides donors with an opportunity to make a long-term commitment to The Children's. Whether gifts take the form of a tribute in the name of a loved one, an endowment, a bequest, a gift annuity or a life insurance policy, funds raised through the Foundation's Planned Giving Department are essential to helping the Hospital meet its most urgent needs and its long term goals. Legacy donors recognize the importance of creating a lasting commitment that not only leads to today's cures but also transforms the present and the future of child health.

...WHERE DONATIONS GO.

Donations to the Montreal Children's Hospital Foundation are distributed to the Hospital and used to support the following:

CARE

A world-renowned leader providing a broad spectrum of highly specialized care to newborns, children, and adolescents, the Montreal Children's Hospital is a place where families rest assured that they are in the best of hands. Your donations are critical to the health and wellbeing of our young patients. Through funding of innovative programs and equipment, our teams of expert doctors, nurses and healthcare professionals are able to deliver child and family-centered care that is second to none.

RESEARCH

New discoveries and advancements made through research at The Children's are constantly transforming the field of pediatrics. From Dr. Nada Jabado's groundbreaking research into pediatric brain tumours to Dr. Larry Lands' discoveries related to chronic lung diseases, researchers at The Children's are at the top of their profession. Thanks to the generous support of visionary donors, investigators are making exciting breakthroughs in a vast array of disciplines, delivering precious knowledge from the lab to the bedside and providing new hope for generations of children to come.

TEACHING

The Montreal Children's Hospital is the pediatric teaching hospital of the Faculty of Medicine at McGill University, one of North America's top universities. Young healthcare professionals have the opportunity to learn from the best and brightest in their respective fields and many choose to continue their careers with the Hospital. Nurse training programs and fellowships for residents in subspecialty fields are examples of how donations help foster the spirit of learning and skill sharing that are so vital to The Children's.

CARE FIRST-CLASS CARE, WORLD-CLASS RESULTS

Newborn Kevin Dionne spent his first three months at the Montreal Children's Hospital. It was an eternity for his parents, who only wanted to understand what was happening to their baby: why he couldn't eliminate and why his health was so compromised.

Kevin's family was told their little one might require a colostomy, which would have serious repercussions for the rest of his life. Throughout their son's ordeal, they found strength through the professionalism and compassion of nurse Nathan Friedland.

Kevin's mom, Kimberley, says Nathan was there to answer any questions and to explain everything that was happening with Kevin. "Nathan was really great," says Kimberley. "He stood by us the whole time. He took the time to make sure we understood what was going on."

Nathan points out that spending time with patients and families is one of the key elements of care at The Children's. He and his nursing colleagues work with a one-to-four nurse-to-patient ratio. "It gives us a much better opportunity to care for our patients," says Nathan. "That's why I chose the Children's."

Fortunately, little Kevin didn't require a colostomy after all. His intestinal blockage was treated successfully.

Kevin, now healthy, was blessed with a baby brother who needed a name. His parents remembered the nurse who brought them solace during their firstborn's difficult fight and named the newest member of their family Nathan Christopher, in honour of the person who helped make their hospital stay much less frightening.

This kind of care is practiced daily at The Children's and it is why the Gustav Levinschi Foundation has supported the Hospital for over 25 years and supported nursing since 1999. "Nurses are the unsung heroes of our hospitals and clinics," says Foundation president, Anita David. "We believe they do a fabulous job and they need to be recognized for that."

As for Nathan, he still marvels at the honour of being young Nathan's namesake. "I was totally shocked," he says. "Evidently, I made quite an impact on them."

NATHAN FRIEDLAND
Registered Nurse

"Nathan stood by us the whole time. He took the time to make sure we understood what was going on."

- KIMBERLEY, KEVIN AND NATHAN'S MOTHER

NATHAN, 1 YEAR OLD

KEVIN, 3 YEARS OLD

“Emily is going to need treatment her whole life. My goal for Emily is that she be a grandmother one day.”

- DR. LARRY LANDS

EMILY, 2 YEARS OLD

RESEARCH BRINGS NEW HOPE

Dr. Larry Lands derives no small measure of satisfaction from conducting what he terms “translational research”.

Simply put, such research is used to “translate” findings in the laboratory quickly into medical practice. For patients of Dr. Lands, like two-year old Emily Krieble, those findings can translate into immediate benefits.

At the tender age of three months, Emily had been grappling with a persistent cold when her family brought her to The Children’s. Doctors took note of her acute congestion and undertook a battery of tests to rule out different scenarios. One test came back positive: Emily had cystic fibrosis, a genetic disorder that affects most critically the lungs, but also the pancreas, liver, and intestines. A diagnosis of cystic fibrosis used to carry a very different outcome than today. In 1959, the median age of survival was just six months but research into the disease has pushed that to almost 48 years of age.

Dr. Lands is working hard to improve survival rates even further, focusing much of his attention in recent years on chronic lung diseases in children, particularly on CF and asthma. Of late, he has been working with vitamin D to see how it can be used to decrease lung inflammation and to determine which patients could most benefit from vitamin D treatment.

Dr. Lands’ work is funded in part by the Krieble Foundation, established many years ago by Emily’s great-grandfather, Robert H. Krieble. With CF hitting so close

to home, Emily’s father Robert made it a point to get the Krieble Foundation directly involved with Dr. Lands’ work. He also made sure that funding was set aside for patient care at The Children’s.

As for Emily, “she’s fantastic!” says Robert. “Canada’s CF treatment is leaps and bounds ahead of most of the rest of the world and the results show in Emily so clearly.”

Dr. Lands is optimistic about his young patient’s future. “Emily is going to need treatment her whole life. My goal for her is that she be a grandmother one day.”

DR. LARRY LANDS
Director, Pediatric Respiratory Medicine and
Director, Pediatric Cystic Fibrosis Clinic

TRAINING THE MEDICAL INNOVATORS OF TOMORROW

On Christmas morning, four-and-a-half month old Thomas Aunos had been feverish since the previous day. His mom, Marjorie, concerned that her baby was now pushing a fever of 39 °C, brought Thomas to the ER at The Children's. The emergency physician soon noted a heart murmur and an echocardiogram was immediately ordered. The diagnosis: a ventricular septal defect or a hole in his heart. The little baby would require open-heart surgery just a few weeks later. The operation was a success and today, little Thomas is now three years old and brimming with health.

While it was a harrowing time for Thomas' family, this ER episode is the stuff of life for doctors like Brett Burstein, a second-year Fellow of Pediatric Emergency Medicine at The Children's. Dr. Burstein, who insists on being called "just Brett", set out to become a pediatric cardiologist but soon discovered a passion for emergency medicine. "The variety in emergency is really what appeals to me," he explains. "You're looking at every type of problem. Emergency medicine teaches us to manage very acute situations."

As McGill University Faculty of Medicine's only pediatric teaching hospital, every junior medical student is trained at The Children's. Teaching is an important part of the Hospital's mandate and providing outstanding post-doctoral training is crucial for attracting and retaining the best young talent in medicine. The organizers of the MCHF Golf Tournament have recognized this and, for this reason, have made it a priority to fund fellowships.

While he works long hours at The Children's, Dr. Burstein was able to take some time off earlier this year to compete in the Amazing Race Canada with his wife, and fellow Children's physician, Dr. Holly Agostino. But Dr. Burstein notes that while the race may have been exciting, it is nothing compared to his experience at The Children's. "The Children's ER offers an outstanding Fellowship program," he says, "but if the "Amazing Race" is a sprint, the ER is a marathon."

DR. BRETT BURSTEIN
M.D., Ph.D, Pediatric Emergency Medicine

“Emergency medicine teaches us to manage very acute situations.”

- DR. BRETT BURSTEIN

THOMAS, 3 YEARS OLD

THE TONY DOBELL CHAIR IN PEDIATRIC SURGERY AND THE HARVEY GUYDA CHAIR IN PEDIATRICS

THOSE ENTRUSTED WITH THE CARE OF OUR CHILDREN HOLD OUR FUTURE IN THEIR HANDS. SO IT IS WITH DOCTORS CHRISTO TCHERVENKOV AND MICHAEL SHEVELL, THE HOLDERS OF THE MONTREAL CHILDREN'S HOSPITAL'S TWO NEWEST ACADEMIC CHAIRS: THE TONY DOBELL CHAIR IN PEDIATRIC SURGERY AND THE HARVEY GUYDA CHAIR IN PEDIATRICS.

The Tony Dobell Chair is named for Dr. Anthony R. C. Dobell, a pioneer in both pediatric and adult cardiovascular surgery, and one of the first physicians in Canada to perform open-heart surgery, particularly on children. This Chair is held by Dr. Christo Tchervenkov, who studied under Dr. Dobell. Director of the McGill Centre for Pediatric and Congenital Heart Disease and Director of Cardiovascular Surgery at the Montreal Children's Hospital, Dr. Tchervenkov is the Founding President and Executive Director of the World Society for Pediatric and Congenital Heart Surgery. An internationally recognized leader in the field of pediatric cardiac surgery, Dr. Tchervenkov routinely performs delicate cardiac operations on newborn babies and treated Émile Jutras, the first patient ever kept alive by a Berlin Heart in Canada.

The Harvey Guyda Chair is named for former MCH Associate Executive Director Dr. Harvey Guyda, a noted professor, clinician and researcher. The Chair is held by Dr. Michael Shevell, Chair of the Pediatrics Department at the McGill Faculty of Medicine and Pediatrician-in-Chief at the MCH. Dr. Shevell's research focuses on neurodevelopmental disabilities and neonatal neurology. In addition to his leadership of both the Quebec and National Cerebral Palsy Registries and the Cerebral Palsy component of the NeuroDevNet network, Dr. Shevell is Vice-Chair of the Neurodevelopmental Disability Section of the Child Neurology Society and member of the Executive Board of the International Child Neurology Association.

Both Dr. Tchervenkov and Dr. Shevell are global leaders in their respective fields and academic chairs like these are crucial for The Children's to attract and retain medical professionals of their calibre. These chairs are only made possible through community support. The Tony Dobell Chair was created through an endowment established by the MCHF Golf Tournament and the Harvey Guyda Chair was funded by generous donors like you.

SINCE THE OFFICIAL GROUND BREAKING IN 2010, THE GLEN SITE HAS EVOLVED REMARKABLY AND AN IMPRESSIVE NEW CHILDREN'S HOSPITAL HAS UNMISTAKABLY TAKEN SHAPE.

With its signature red, orange, and yellow panels, the new Children's serves as a beacon of promise for the future of child health in our community. The hospital that so many Quebec families depend on for expert pediatric care is on schedule and will open its doors to patients in the spring of 2015.

The new Children's is a direct product our community's vision and generosity. Many supporters of *The Best Care for Children* Campaign pledged their commitment long before a shovel ever went into the ground. These leaders paved the way for what we see before us today and we cannot thank them enough.

opération enfant soleil

OPÉRATION ENFANT SOLEIL : SETTING THE BAR FOR CHILD HEALTH IN QUEBEC

The role played by Québec non-profit Opération Enfant Soleil in the construction of the new Children's should not be understated. A loyal partner of The Children's for nearly 25 years, Operation Enfant Soleil has a mission to ensure that the new Children's facilities be as impressive as the excellent care for which the Hospital is renown.

With a total campaign commitment of $25 million, Opération Enfant Soleil is one of the largest contributors to *The Best Care for Children* Campaign and its support is one of the cornerstones upon which our new hospital rests.

OPÉRATION ENFANT SOLEIL'S CONTRIBUTION HAS ALLOWED:

- One of Canada's busiest emergency departments to be expanded to twice its current size, affording much greater privacy to patients and families;
- The new Children's Medical Imaging Department to have state-of-the-art diagnostic tools;
- The purchase of a revolutionary intra-operative MRI in 2009, a Canadian pediatric first, which will be moved to the new Hospital.

$23.2 MILLION RAISED 2012-2013

ANOTHER BANNER YEAR, THANKS TO YOU!

Once again, your generosity has been record-breaking. In the final year of *The Best Care for Children* campaign, revenues from gifts increased by 15% to $23.2 million and the Foundation's total revenues were over $28.2 million. This growth was made possible by the confidence and support of our partners: major foundations, corporations and the community, not to mention our many volunteers and foundation staff, all of whom have gone the extra mile. Everyone has reason to be proud!

With the economy and financial markets improved over last year, our net investment revenue totaled $5 million. Our investment committee reviews our investment policy and the performance of our fund managers on a regular basis. This year, one of our fund managers was replaced. Included in our net investment revenue is a realized loss of $1 million related to the change of manager. The unrealized gain on investment during the year was $4.1 million.

We take care of your donations and recognize the importance of making sure that your gifts go further for The Children's young patients. We are careful to limit our fundraising and administrative costs and are very proud of the fact that our cost per dollar raised is the lowest of any pediatric hospital foundation in Canada.

This year, the Foundation contributed a total of $14 million to a host of projects at the Hospital, including research and teaching ($8.3 million), equipment, programs and most urgent needs ($5.7million).

As we prepare to move to the new Children's on the Glen site, we will be counting on all of you to fulfill the generous pledges that you made. We have confidence in the loyal support of all our many partners who make it their mission to ensure the Montreal Children's Hospital remains at the forefront of child health by offering the best care possible to its young patients.

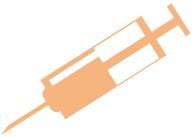
Teasurer

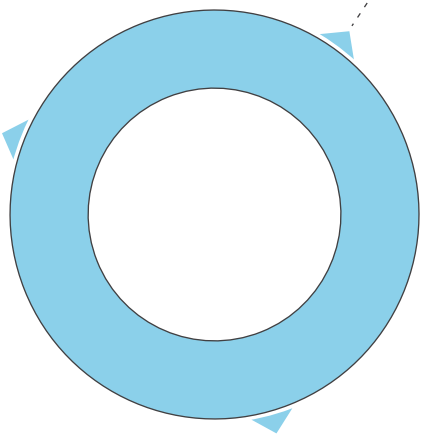
HOSPITAL EQUIPMENT
and Services
($1,080,368)

- medical equipment, including a blood irradiator for hematology/ oncology, a cooling system for the NICU, an octopus for ophthalmology, a portable ventilator for respiratory medicine, a spectra optia apheresis system for nephrology, physiological monitors and a number of syringe, infusion and volumetric pumps
- help for families in need through the Tiny Tim Fund
- trauma prevention and community outreach program



RESEARCH AND TEACHING
($8,255,154)

- funding for The Children's Research Institute on the Glen site
- research in children's diseases, including cancer, leukemia, Type 1 diabetes, blindness, allergies, cystic fibrosis, ADD and genetic disorders
- laboratory equipment and supplies
- teaching the next generation of physicians



SPECIAL PROJECTS
($4,609,716)

- insulin pump education, support and follow-up for children and their families
- BAHA devices
- craniofacial and cleft palate surgery
- child life programs such as Dr. Clown, music therapy, etc.
- early Development Initiative

THE FOLLOWING COMMITTEES SHARE FINANCIAL RESPONSIBILITIES:

The Executive Committee, chaired by Mr. Greg Rokos, maintains control mechanisms to ensure that funds raised honour donors' requests and best serve the needs of our young patients.

The Budget Committee, chaired by Mr. Timothy E. Price, plays a key role in establishing the annual budget and in monitoring the Foundation's performance.

The Audit Committee, chaired by Mr. Claude Bédard, works with external auditors, Deloitte s.e.n.c.r.l., and is mandated to oversee the organization's financial statements, as well as to recommend appropriate accounting policies and practices.

The Investment Committee, chaired by Mr. David M. McEntyre, ensures that funds are prudently invested and well managed by providing advice on investment / policies and making investment decisions on behalf of the Foundation.

CERCLE DES BIENFAITEURS / CHILDREN'S CIRCLE OF CARE

Les individus, fondations familiales et entreprises privées qui effectuent un don de 10 000 $ ou plus à l'Hôpital de Montréal pour enfants deviennent membres du Cercle des bienfaiteurs, un regroupement nord-américain de philanthropes préoccupés par la santé des enfants. En 2012, ce programme a permis de recueillir quelque 485 millions $ pour les 27 grands centres hospitaliers pédiatriques qui en faisaient partie. Par ailleurs, le Cercle des mécènes honore les donateurs ayant contribué cumulativement 1 million $ ou plus au bénéfice du Children depuis 1995, date de fondation du Cercle des bienfaiteurs. Individuals, family foundations and privately held corporations who generously donate $10,000 or more are members of the Children's Circle of Care, a grouping of leading philanthropists in child health throughout North America. In 2012, a total of $485 million was donated to the 27 prominent children's hospitals that participate in this program. Members of the Royal Circle are honoured for their cumulative contributions of $1 million or more to The Children's since 1995, when the Children's Circle of Care was established.

CERCLE DES LEADERS / LEADERSHIP CIRCLE

Les besoins d'un grand hôpital pédiatrique universitaire sont à la fois nombreux et variés. Nous tenons à remercier les membres du Cercle des leaders pour leurs dons de 500 $ à 9 999 $. Ceux-ci aident l'Hôpital à remplir sa mission de prodiguer des soins pédiatriques spécialisés, d'effectuer des recherches de pointe et de former la prochaine génération de médecins. The needs of a pediatric teaching hospital are numerous and varied. We thank the members of the Leadership Circle for their gifts of $500 to $9,999, which help the Hospital to fulfill its mission of providing specialized medical care, pursuing cutting-edge research and teaching the next generation of physicians.

« La charité est le loyer à payer pour la réussite. »

- Mel Hoppenheim, président de Mel's Cité du Cinéma

"The rent you pay for success is charity."

- Mel Hoppenheim, President of Mel's Cité du Cinéma

« La Banque TD appuie le programme de bourses postdoctorales pour les jeunes chercheurs prometteurs, parce que nous faisons confiance en l'excellent travail accompli par l'Institut de recherche du Children et nous sommes conscients de l'importance d'investir dans les idées novatrices. »

- David Pinsonneault (gauche), Services bancaires aux entreprises TD, et président délégué, Direction du Québec, Groupe Banque TD

"TD Bank supports post-doctoral fellowships to bright young researchers because we have faith in the excellent work carried out by The Children's research Institute, and because we know the value of investing in innovative ideas."

- David Pinsonneault (left), Senior Vice President, TD Business Banking, and Co-Chair, Quebec Market, TD Bank Group

« Il n'y a pas d'investissement plus important que celui que nous faisons dans nos enfants. »

- Karyn Lassner et Kirsty Stern, coprésidentes de l'édition 2012 du Bal du Children

"There is no greater investment than that which we make in our children."

- Karyn Lassner and Kirsty Stern, Co-chairs of the 2012 Ball for The Children's

FONDATIONS PUBLIQUES ET PRIVÉES
PUBLIC AND PRIVATE FOUNDATIONS

Nous sommes particulièrement reconnaissants de pouvoir travailler avec plusieurs organismes philanthropiques et fondations privées ayant pour objectif le bien-être des enfants et adolescents aux prises avec la maladie. Leur engagement continu et leur grande générosité aident le Children à se maintenir à l'avant-garde de la médecine pédiatrique. We are fortunate to be able to partner with a number of charities and private foundations that are dedicated to the well-being of sick children and adolescents. Their ongoing commitment and generosity help to keep The Children's at the forefront of pediatric care.

« Une randonnée Pédalez pour les enfants, au rythme d'une musique retentissante et des encouragements du public, avec une escorte policière qui ouvre la voie, c'est tout un événement ! »

- Warren Lee, président de Pédalez pour les enfants.

"With music blaring, people cheering and a police escort leading the way, a Pedal for Kids ride is truly an unforgettable experience!"

- Warren Lee, Chairman of Pedal for Kids

ÉVÉNEMENTS SPÉCIAUX ET GROUPES COMMUNAUTAIRES
SPECIAL EVENTS & COMMUNITY GROUPS

La Fondation de l'Hôpital de Montréal pour enfants a la chance de pouvoir compter sur plus de 320 activités de collecte de fonds organisées en sa faveur dans la communauté. Les efforts combinés de milliers de bénévoles, d'organisateurs et de participants permettent de recueillir chaque année des millions de dollars en vue d'acquérir de l'équipement médical vital, de financer des projets particuliers et d'appuyer de nombreux programmes communautaires ou de soutien au développement des enfants. The Montreal Children's Hospital Foundation is privileged to count on the support of more than 320 community fundraising activities. The combined efforts of thousands of volunteers, event organizers and supporters raise millions of dollars each year to acquire life-saving medical equipment, invest in special projects and support community outreach and child advocacy programs.

CERCLE DES DÉCIDEURS
EXECUTIVE CIRCLE

Le Cercle des décideurs souligne le rôle crucial joué par les dirigeants d'entreprises contribuant 25 000 $ ou plus à la campagne *Les meilleurs soins pour les enfants* pour la construction du nouveau Children, à nos événements majeurs ou à des projets spéciaux de l'Hôpital. The Executive Circle highlights the important role of corporate leaders who contribute $25,000 or more to *The Best Care for Children* Campaign to build the new Children's, major events, or special hospital projects.

ENTREPRISES
CORPORATE DONORS

Nous voulons exprimer notre profonde gratitude aux centaines de petites, moyennes et grandes entreprises ayant fait de la santé des enfants leur priorité et qui donnent chaque année de 2 500 $ à 24 999 $ à notre campagne auprès des entreprises ou à l'occasion de nos événements. Leur générosité fait un monde de différence dans la vie de nos jeunes patients. We thank the hundreds of small, medium and large companies that make children's health a priority through their annual donations of $2500 to $24,999 to the Corporate Appeal or one of our special events. Their generosity makes a world of difference in the lives of our young patients.

SOCIÉTÉ DR MACKENZIE FORBES / THE DR. MACKENZIE FORBES SOCIETY

Les membres de la Société Dr Mackenzie Forbes ont pu soutenir l'Hôpital grâce à un don planifié tel qu'un legs, une rente de bienfaisance, un don de police d'assurance vie ou en créant un fonds de dotation. La Société honore également les donateurs ayant prévu un don futur pour le Children dans leur testament. Members of the Dr. Mackenzie Forbes Society have made a legacy gift to the Hospital through a bequest, a charitable annuity, a gift of insurance or by establishing an endowment fund. The Society also honours those donors who have made provisions for a future gift in their will.

« Les médecins ont détecté dans le thorax de Zoe une masse importante qu'il fallait retirer pour sa survie la journée même de sa naissance. Grâce au courage de Zoe, aux talentueux médecins et personnel soignant, ainsi qu'à l'équipement de pointe dont est doté le Children, Zoe est parmi nous aujourd'hui. »

– Tammy et Adam Saskin, fondateurs de *Skiez pour les enfants*

"Doctors identified a growing mass in her chest that needed to be removed the very same day Zoe was born or else she wouldn't survive. Thanks to her strength, the skilled doctors and medical staff and the life-sustaining equipment at The Children's, Zoe is here today."

– Tammy and Adam Saskin, Founders of Ski for The Children's

DONS COMMÉMORATIFS ET EN L'HONNEUR
TRIBUTES

Rendre hommage à un être cher ou célébrer une occasion spéciale constituent une excellente opportunité de permettre aux enfants malades d'espérer vivre plus longtemps et en santé. Nous remercions chaleureusement tous ceux et celles qui ont pensé à nos jeunes patients au cours de la dernière année. Commemorating a loved one or celebrating a special occasion is a meaningful way to give children the gift of longer and healthier lives. We thank everyone who thought of our young patients this past year.
